Baselight Eco 600 Portable Light System

Flexible, efficient and portable, Baselight ECO is an advanced portable all-in-one area lighting system. Approved by Network Rail for use on track, Baselight Eco has been adapted for specialised use within the rail sector while remaining versatile enough to suit any other projects. Can be powered from a rechargeable battery pack, mains power or a small generator from 1kVA, allowing multiple power options for 100% flexibility on site.

Baselight Eco is a perfect combination of thoughtful design and powerful lights for superior performance, making it easy to illuminate any area.

Features & Benefits

- Adjustable swivel, tilt & dimmable lighting head
- Half a football pitch of light using just 620W, dimmable to 20W
- Compact when stowed for easy storage & transport
- White flashing lights and reflective material for night time visibility
- Adjustable legs height for stability on uneven ground
- Rapid deployment with retractable mast controlled by onboard computer
- Ergonomic lifting handles for easy two-person lift, no lifting equipment needed
- Clip-on off-road wheels for manoeuvrability
