Solar Security Hut
Off-grid Portable Security Solution

The Think Hire Solar Security Hut utilises an independent solar-powered system to allow for a portable solution to security requirements anywhere on site.
The Solar Security Hut provides the user with internal lighting and sockets for charging, suitable shelving for work purposes and a sliding window, allowing for interaction with the access and egress of site staff and visitors.

Features & Benefits

- Portable and lightweight solution for security requirements anywhere
- Independent solar-powered system
- Quick setup time (10 minutes)
- A sliding window for easy interaction with site staff and visitors during access and egress
- Windows on 4 sides for maximum visibility
- LED Lighting
- Internal power and sockets for charging appliances
- IR Heating system
- Remote monitoring

Specifications

DIMENSIONS & WEIGHT	
LENGTH:	1400 mm
WIDTH:	1400 mm
HEIGHT (INT/EXT):	2300/2600 mm
WEIGHT:	1800 kg

POWER	
SOLAR MODULES:	2x 345W
BATTERY TYPE:	Lithium Iron Phosphate
BATTERY CAPACITY:	5 kWh
CHARGING PORT:	16A 3 pin, IP67 Plug

Ancillaries

Generators

All our generator sets are compatible with our hybrid battery systems. These units can be provided in either a fully self-contained configuration or as standalone canopied sets.

More info here

Panorama

Panorama portal offers automated issue rectification, live commercial and environmental reports, and remote power control via smartphone or tablet.

More info here

Solar Skyframe

The additional renewable energy from Solar Skyframe will feed into your solar/ hybrid power solution, further reducing generator runtime, fuel use and carbon emissions.
